CHARACTERISTIC

Environmental design, pay attention to ecological.

Top design, without exception, take into account the delicate balance between man and nature, advocating environmental protection Pescod, give full consideration to improve water utilization, reduce the optimization problem of noise pollution and other ecological environment, carefully designed faucet flow means to control its operation noise, and to prevent suck water faucet, affecting clean water, so that we produce showers and ecological environment harmonious blending.

Quality refined body.

Imports of copper body, sturdy texture, Switzerland and Italy, And the use of advanced technology and equipment, product cavity smooth, high strength. It can withstand 50 kg (the national standard of 25 kilograms) of water pressure.

Quit design.

Noise spool specially designed nets, and special parts water connection, so the amount of sound Pescod shower to meet the highest requirements of the public, brings feeling of pleasure use.

Fast Clean Technology.

More durable, more hygienic, anti-clogging, can be easily wiped off the scale from wow glue nozzle.

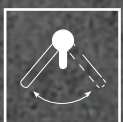

Air technology.

The flow of the outgoing jet is aided by small openings placed around the perimeter of the aerator through which the air inwards is absorbed and mixed with water.

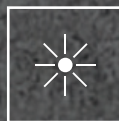

Economy.

The latest production technologies make it possible to produce mixers that allow you to save water and ensure the softness of its flow.

Serviceability.

Single-row mixer models are highly demanded due to ease of operation. The intensity of the water flow and the temperature are regulated by moving a single lever in two different directional planes.

Our products.

Made in accordance with European technology. Working in the market since 2014, we have gained recognition from Ukrainian consumers, which once again proves the optimal combination of high quality and reasonable prices for all Hi-Non-manufactured products we offer.

Comfort in use.

Hi-No mixers are as easy to operate as possible, switches work smoothly with full comfort in use.

Easy installation technology.

The quick installation system reduces the process of mounting the mixer to just a few simple movements and does not require the use of special tools

INNOVATIVE DESIGN FLEKO

FLEKO

The new Fleko mixer is a combination of design and functionality. Under the influence of modern architecture and aesthetics of Bauhaus, they combine bold geometric shapes with advanced technologies.

FLEKO
REFINED AND
HONEST, SMART
FAUCETS ARE A
METICULOUS
BALANCE OF
DESIGN AND
FUNCTIONALITY.

FLEKO Company is one of the largest and most prominent manufactures. The quality of the Fleko products is unquestionable and fully complies with the strategy of balanced development. The company quickly and professionally responds to market demands by offering high-quality functional products. The products of the Fleko brand comply with the European standards (CE), which is confirmed by the corresponding certificates of quality.
